SUBJECT: COMMUNITY USE OF SCHOOL FACILITIES

Upon approval of the District Superintendent, a community group who adheres to all of the qualifications in Policy #2220 will be granted use of BOCES facilities when they agree to the following stipulations:

Conditions of Use for District Facilities

Outside organizations requesting the use of District facilities shall be subject to the rules, regulations, and conditions determined by the District Superintendent. Such conditions include, but are not limited to, the following:

- A. District facilities may be unavailable for use if such facilities are in use for school purposes or during educational programs. The District reserves exclusive and non-reviewable judgment to determine if a requested use would interfere with or disturb the District's educational programs.
- B. The Board reserves the discretion to deny the use of District facilities described above, or to terminate the use of District facilities:
 1. By an Outside Organization who has previously misused or abused District facilities or property or who has violated this regulation;
 2. For any use which could have the effect of violating federal and/or state law;
 3. For any use which, in the estimation of the Board, could reasonably be expected to or actually does represent a clear and present danger of public disorder and/or damage to District property;
 4. For any use which the Board deems inconsistent with this policy;
 5. For any use by a private for-profit entity that has the direct or indirect effect of promoting the products or services of such entity;
 6. In any instance where alcoholic beverages or unlawful drugs are sold, distributed, consumed, promoted or possessed; and/or
 7. For any use prohibited by law.
- C. To ensure that District facilities are preserved for the benefit of the greater district community, only Outside Organizations that are community based groups and organizations (that is, groups which are located within the geographic area covered by the district) may be granted access to District facilities provided the subsequent use is in accordance with law and open to the general public when required.
- D. Use of District facilities will be permitted only where the Outside Organization agrees to pay the District a fair market value user fee according to a schedule adopted by the District. Notwithstanding the foregoing, for the uses indicated in paragraphs (F) and (H) of the section entitled "Permitted Uses by Outside Organizations" in Policy #2220, the Outside Organization agrees to pay the District for the costs and expense of providing for such uses, including, but not limited to, the costs and expense of providing heat, electricity, maintenance, and/or custodial services associated with the requested use of the District facilities. See fee schedule attached. The District retains the right to waive user fees for groups that are associated with or sponsored by the District. The District further retains the right to waive user fees for governmental municipalities that the District shares a reciprocal no fee arrangement with.
- E. Where, in the judgment of the District, the requested use of District facilities requires special equipment or supervision, the District reserves the right to deny such use, or in the alternative, to condition such use upon the Outside Organization's payment of additional fees in accordance with paragraph D above. Only authorized BOCES personnel shall operate District equipment.

The District will exercise complete discretion regarding what constitutes adequate insurance coverage for each proposed use.
- G. In the case of an accident resulting in injury to any person or damage to personal or District property, the incident must be reported to the District Superintendent within one business day from the date of the accident. An incident form is attached.
- H. Users of District facilities shall be required to remain within areas designated by the approved use permit. Under no circumstances should any individuals be allowed outside of designated areas without appropriate supervision by a District official.
