

# Design it and build it this summer at Nassau BOCES

From designing and building paper air gliders to rockets to submersible ROVs — it's an experience you won't find anywhere else

- Build spaghetti towers and air gliders
- Take the egg-drop challenge
- Create hurricane proof houses
- Design and build an underwater remotely operated vehicle (ROV)

Designed and guided by experts from Nassau BOCES Outdoor and Environmental Education program, this three-day summer adventure is for boys and girls entering grades five through 12.

**Dates:** Aug. 31, Sept. 1, 2, 2009 (3 days)

**Time:** 9 a.m. – 3 p.m.

**Location:** Nassau BOCES Brookville Outdoor and Environmental Education Center  
(Parent drop-off and pick up required)

**Tuition:** \$250

Program is available to students in participating Nassau County school districts.
