

Name: \_\_\_\_\_

**The Water Cycle Activity Student Answer Sheet**

**Directions:** Each time the water droplet (that's you) goes to one of these stations, put a mark ( "/" ) in the box. You will add these up later to determine where the water droplets spent most of their time in the water cycle.

<p style="text-align: center;"><b><u>SOIL</u></b></p>          <p style="text-align: center;">Total = _____</p>	<p style="text-align: center;"><b><u>PLANTS</u></b></p>          <p style="text-align: center;">Total = _____</p>	<p style="text-align: center;"><b><u>RIVERS</u></b></p>          <p style="text-align: center;">Total = _____</p>
<p style="text-align: center;"><b><u>LAKES</u></b></p>          <p style="text-align: center;">Total = _____</p>	<p style="text-align: center;"><b><u>CLOUDS</u></b></p>          <p style="text-align: center;">Total = _____</p>	<p style="text-align: center;"><b><u>OCEANS</u></b></p>          <p style="text-align: center;">Total = _____</p>
