Learn about the life cycles and unique adaptations of these beautiful creatures.

Activities focus on:

- Parts of a butterfly
- Butterfly vs. moth comparison,
- Migration
- Metamorphosis.

### Program Logistics:

- The program begins in the classroom and moves to an outdoor area.
- If possible, have an all-purpose room or gym available for inclement weather.
- Teachers receive pre- and post-program curriculum information and activities.
- Note: this is not a live animal program.
