Dear GC Tech Families,

Welcome to the beginning of an exciting new year! One thing we learned this year is the importance of clear communication. Remind is an app that allows administration, teachers, and staff to send text alert reminders to parents/guardians in their class. You and your child will have access to **two** remind codes; one code to receive whole school notifications and the other for classroom specific notifications. We welcome you and your child to sign up for Remind. Please review the important instructions for how to sign up and create an account.

- Go to: <https://www.remind.com/> (or search "Remind" in google)
- Once at <https://www.remind.com/>, click "sign-up" in the top-right corner.
- When prompted, add your *email*.
- Verify your email by inputting the code that was sent to your email.
- Add your *first name, last name*, and create a password.\*
- Review, then accept the user agreement.
- Select "I am a student."
- Input your *date of birth* and *phone number*.
- A code will be sent to your phone, use the 4-digit code to verify your cell phone number.
- You will be asked to enter your class code.
  - Please enter code for whole school announcements: See Attached
  - Please enter the following code for your specific class: See Attached

\*When creating your *Remind* account, students must use the following guidelines:

- Use your name as it appears on your student ID card.
- Use a professional email like that which you have used on your resumes.

If you have any difficulties whatsoever, please contact Evie James in the main office at [Ejames@nasbores.org](mailto:Ejames@nasbores.org) or call (516) 604-4200.

Sincerely,

Madelaine Hackett, *Principal*
