

What is the School Tool Parent Portal?

The parent portal is a module of School Tool, Nassau BOCES's web-based student management system. Parents can view their student's academic information in real time from anywhere an Internet connection is available. With a parent portal account, parents can view the following student information:

- Student Record (basic information)
- Contact Information
- Schedule
- Attendance
- Assessments
- Grades
- Assignment Grades
- Email capabilities between teachers and counselors

The goal of the Parent Portal is to provide timely and effective feedback to students and parents in order to help them in their educational growth. We hope parents will find this to be a helpful way to assist their child or children as they progress through Nassau BOCES GC Tech/
