

Bet hpage HS presents:

Television News Production

How did we get started?

Radio Station - 2009 / Podcasts - World Vibrations

Video "Tricaster"

Slow start

What are the course/ class expectations?

Students must process school news, prepare scripts, short and long-term features, and perform live

Short-term features: Eagle's Cry "story of the day," lunch menu, "fact of the day," SAT word

Long term: Special presentations, interviews

How does the production work?

Script prepared in 20-25 minutes (news, sports, graphics, videos, X-split prep)

No rehearsal beyond initial read-throughs

Jobs given out at the beginning of year, rotation upon student request

Here is our BHS TV Studio

Here is an example of the daily production.

Watch our broadcast LIVE every morning at  
9:00AM by typing in the words -

“Bethpage High School TV” in the Youtube.com  
search engine.

# How much did we invest in developing the program?

Facilities assisted with construction work to maximize the space and to make it easy for students to produce the show

Approximately \$17,000 in TV Studio equipment to support production at both the HS and the MS

Assigning of Mr. Davis by the HS Principal to the class

IT Department spending time to construct the production equipment and to create our chosen streaming option (YouTube channel)
