BYLAWS OF NASSAU BOCES SCHOOL LIBRARY SYSTEM (NBSLS)

Mission Statement

In our role as a council, we will dedicate our efforts to promoting the services of the Nassau BOCES School Library System and its members by acting as a conduit between the director and system members. Through constructive dialogue, we will become aware of our members' needs. We can then offer guidance and support so that these needs are addressed in a timely and efficient manner. By so doing, we will maximize the potential of our media centers, our media specialists and most importantly, our users.

Duties and Responsibilities Of a Council Member

A council member will:

• actively support the Nassau BOCES School Library System in its efforts to ensure that school library media programs are an integral part of the educational framework of each school
• act as a spokesperson for the system to his/her various constituencies
• advocate the principles of intellectual freedom that govern the right to read and to access information and ideas
• encourage the use of 21st Century technologies to support teaching and learning
• provide leadership in determining the merit and impact of new and existing technologies
• work with other council members to develop and implement plans for presenting and publicizing library media programs and services
• devote time and energy to carrying out the duties of the council.

Profiles

Members of the system council serve to "advise and support the Director in the administration of the System". While the majority of the council is comprised of school library media specialists, it becomes strategic to our mission to fill the remaining seats with other representatives of the constituencies who are affected by the quality of our school library media centers. Non-librarian members can provide a cross-section of experienced, creative and networked people who would complement the SLMS seats. And assigning "profiles" to the non-librarian seats allows the council to broaden its focus, re-direct its energies, and involve a wider spectrum of individuals. Furthermore, a consideration will be given to have a balanced representation from school districts in Nassau County.
The following profiles are offered as guidelines in the recruitment and selection of new council members.

**Administration Seat** - superintendent, assistant superintendent, curriculum associates, department chairs, etc.

**Teacher Seat** - union representative, staff member of a teacher center, special area teacher, elementary teacher, secondary teacher, etc.

**Education Seat** - school board member, P.T.A. representative, member of a site based management team, etc.

**University/Research Seat** - staff of library and information science school, school of education, technology/computer center, local research laboratory, Long Island Library Resources Council representative, etc.

**Public Library Seat** - Nassau Library System representative, children's librarian, director, assistant director, etc.

**Business/Publishing Seat** - *Newsday*, publishers, WLIW, bookstores, LIPA, etc.

**Legislative/Government Seat** - assembly/senate representatives, county/town officials, etc. Not all profiles can be represented at one time. But the list provides new directions, prevents "self-perpetuation" and allows for diverse and democratic viewpoints. Furthermore, consideration will be given to providing balanced representation to all school districts in Nassau County. Feedback from students might also prove valuable in determining our goals and objectives.

**New Council Member Packet**

It is proposed that an orientation packet be prepared for each new system council member. It should include:

1. a copy of the system by-laws
2. plan of service
3. member plan
4. a list of the current council members with the term of office and a brief biography
5. standing committees
6. ad hoc committees
