Instructional Technology Plan Submissions – Checklist for Review by RIC Certifiers

Name of RIC Reviewer: _____

Date of Review: _____

Name of Regional Information Center: _____

District Information	
District Name	
District Address (Street, City, Zip Code)	
Name – Primary District Contact	
Title – Primary District Contact	
Phone Number	
E-mail Address	
Date of Initial Tech Plan Submission to RIC	

Review Criteria:

1. Check that all required questions have been completed.
2. Check to make sure that the questions have been fully answered. Example: If a question asks for dates, categories and responsible stakeholders, and any of these elements are missing, ask the district to more fully and completely answer the question. This is most important when the question is linked* to the Smart Schools Bond Act (SSBA) application.

* Linked means that the instructional technology plan questions are listed within the SSBA application/guidance. Applicants are instructed by the Smart Schools office to make sure that their Smart Schools Investment Plan (SSIP) answers align with the answers to specific questions found within the instructional technology plan survey.

Questions that are linked to the SSBA application are:

Section II: Strategic Technology Planning: Question 7, Professional Development.

Section IV: NYSED Initiatives Alignment. Questions 2, 3 and 4 (Students with Disabilities); Questions 5, 6 and 7 (English Language Learners)

3. Identify typos, grammatical errors or answers that are not consistent with your knowledge of the district and of educational technology in general.
4. Make sure that the answers are internally consistent and consistent with the services that are provided to the district by the RIC and/or BOCES .

Reminders for Reviewers:

1. Districts must respond completely to all required questions.
2. Check Satisfactory (S) or Not Satisfactory (NS) for all required responses. Use Satisfactory (S) for non-required questions where the district chose not to respond.
3. Use the official Guidance Document to determine whether districts have sufficiently responded to each question.
4. All “Not Satisfactory” responses should be returned to the district for revision and re-submission.
