

Method Test Prep Support Packages

Method Test Prep, Inc. has provided tutoring and educational advisement services to Long Island students for over 12 years. They have developed effective teaching methods and learning techniques that have helped thousands of students across the country significantly raise their college admissions test scores.

The Nassau BOCES Guidance Technology Support service has partnered with Method Test Prep to offer you the following professional development packages designed to meet the needs of your school district and community. Maximize the returns on your Method Test Prep subscription by purchasing one or all of the support packages below. Packages may be modified to meet your specific needs.

To purchase or for more information contact Matthew Hejna at mhejna@mail.nasboces.org or 516.608.6648

School Support Packages - The purpose of this package is to provide professional development and materials to selected members of the faculty and administration. The professional development will cover the most effective ways for students and teachers to use Method Test Prep web courses, and the most effective ways for students at the district to prepare for the SAT and ACT in general. The School Support packages include:

- 5 hours of professional development, consisting of a 1-hour training session for the guidance counselors, a 1-hour training session for math teachers, a 1-hour training session for English teachers, a 1-hour training session for a group of students in a computer lab with teachers observing, and a 1-hour training session for other members of the faculty that the district chooses. **Cost \$750**
- 2 class sets (50 books) of Method Test Prep workbooks that complement our web courses. The workbooks are full of lessons, strategies, practice questions, and explanations. The workbooks are broken in to 15 minute tasks which make students more likely to complete additional exercises in the books. **Cost \$1,000 plus shipping**

Robert E. Lupinskie Center for Curriculum, Instruction and Technology
One Merrick Avenue, Westbury, New York 11590
(516) 608-6666 FAX: (516) 832-2826

- PSAT analysis. Method Test Prep will analyze the results of students' PSAT exams and identify questions and concepts that gave a larger than expected number of students difficulty. Method Test Prep will also provide simple-to-use documents for parents, math teachers, English teachers, and other members of the school community to use to work with students to improve their scores from the PSAT to the SAT and ACT. **Cost \$500**

Community Support Package- This package is recommended as a supplement to the School Support package above. The purpose of the Community Support package is to provide additional support to parents in the community. The Community Support package will also include:

- 10 hours of presentations to parents and students. These presentations could take place at any type of "Junior Parent Night", "College Night", a PTA meeting or any other similar event. These presentations could also include a 1-hour training session for the guidance counselors, a 1-hour training session for math teachers, a 1-hour training session for English teachers, a 1-hour training session for a group of students in a computer lab with teachers observing, and a 1-hour training session for other members of the faculty that the district chooses. **Cost \$1,000**

School Support Package with SAT and/or ACT Class- This package is designed to complement the School support package above. In addition, this package will also include:

SAT/ACT Course- 15 hours of instruction, preferably broken into 1.5 hour classes and given twice per week. Class size will be no more than 20 students per class. **Cost \$2,000**

If more than 20 students sign up, then a second class could be formed. Districts have the option of asking the families to pay for all or part of the cost of the class.
