Can My Child Go To School Today?

In the past 10 days, has your child been tested for the virus that causes COVID-19?

- **YES**
  - Was the test result **POSITIVE** OR are you still waiting for the result?
- **NO**
  - Your child **CANNOT** go to school today. They must stay in isolation (at home and away from others) until the test results are back and are negative OR if **POSITIVE**, your healthcare provider has released your child from isolation.

In the past 14 days, has your child:

- **YES**
  - Your child **CANNOT** go to school today. They must stay at home until your healthcare provider releases your child from quarantine, at least 14 days. A negative diagnostic COVID-19 test does not change the 14-day quarantine requirement.
- **NO**
  - Your child **CAN** go to school today. Make sure they wear a face covering, practice social distancing and wash their hands.

Does your child currently have (or has had in the last 10 days) one or more of these new or worsening symptoms?

- **YES**
  - Your child **CANNOT** go to school today. Your child should be assessed by their pediatric healthcare provider. Call your child's provider before going to the office to tell them about your child's COVID-19 symptoms. If your child does not have a healthcare provider, please call the Nassau County Health Department, 516-227-9697.
- **NO**
  - Your child **CAN** go to school today. Make sure they wear a face covering, practice social distancing and wash their hands.

Report absences, symptoms and positive COVID-19 test results to your child's school

Seek Immediate Medical Care If Your Child Has:

- Trouble breathing or is breathing very quickly
- Prolonged fever
- Is too sick to drink fluids
- Severe abdominal pain, diarrhea or vomiting
- Change in skin color – becoming pale, patchy and/or blue
- Racing heart or chest pain
- Decrease urine output
- Lethargy, irritability or confusion
