

Celebrating the retirement of:

A lifetime of loyal
service at Nassau
BOCES and

Jericho UFSD

LINDA ALESI

Wishing Linda the
best of luck in the
next chapter of her
life!

June 13, 2019

**Can you believe
it? Linda is
retiring!**

Linda through the years

Collaborating with colleagues

“

I am so thankful to have been given the opportunity to work with Linda over the past six years. From day one, I was blown away. She was hands on; building AV carts with us, figuring out the best way to wire a cart or set up new systems or devices. Never one to back down from a challenge, Linda has always been the one to tackle a problem head on and find the most intuitive answer.

– Leighanne Dunckley

”

“

Linda has been a colleague to share laughs with, commiserate about “user errors” resulting in technology emergencies with, and geek-out on data reporting with. As an honorary member of the tech department, some of my favorite work experiences include the time spent problem-solving through computer errors after work hours with Linda and her amazing team. Linda anticipates problems and seems to always have solutions. I can’t think of a single issue she hasn’t resolved with lightning speed and a little comedic relief. Linda strives for constant improvement and finds a way to be on the cutting edge in a rapidly changing field. She will be missed terribly.- Kati

“

Her door is always open to Teachers, Staff, and Students. She always made sure everyone in Jericho Schools has what they need to accomplish their tasks and goals...Many Teachers have consistently brought to my attention one of Linda's most valuable accomplishments; helping bridge gaps between the Teachers and the Technology Department itself. – Mark Monteleone

”

“ Linda was hands down the best boss I have ever had. I have been with her since the day she started and she really was the best person to make our tech department what it is today, a well oiled machine. I enjoyed the times working with her during our busy times, she never backed down from a challenge and was always there to help. We had some great times at work as well as outside of work. She was more than a boss, Linda was a friend... I wish her the best in her retirement, and I know she will not sit still for long, so wish her the best in the next chapter of her life. She truly will be missed by not only myself but everyone here at Jericho.- Christopher Noonan ”

“

Linda is a problem solver – if there is something wrong I call Linda because I know she will work with me until she finds a solution. She is creative, intelligent, clever, and so funny. She breaks up the day with a snowball fight, food fight or funny story. I will miss her wit and her laugh. I will NOT miss spending time in the auditorium with Linda!! I know she will enjoy her family, friends and the beach in her retirement and I wish her all the best in this next chapter! -Denise Nash

”

“

I want to wish Linda all the best in her retirement. I know she will enjoy every minute! I appreciate the opportunity Linda provided me by offering me a position in the Technology Department. I have learned so much during my time here, although my time with Linda was too short, I have learned so much from her. She will be missed tremendously!

Happy Retirement!

- Amy Leo

*Happy retirement Linda!
You will be greatly missed!*
