

## LEARNING MANAGEMENT SYSTEM SNAPSHOT

District: Sewanhaka Central High School District

Product: Schoology LMS – [www.schoology.com](http://www.schoology.com)

Overview – “What is Schoology” video: <https://youtu.be/QgHWMGIggbk>

- Current focus is on 4500 students in 7-9, will expand to 10-12 in 2017-18
- All content areas. Also used for department and faculty meetings.
- Piloted free product for 2 years, been fully subscribed for the past 3 years.
- Content district developed. Our main purpose is for Communication and Collaboration.
- Currently used by all middle school teachers, students and Administrators.
- System generates various analytics – usage, user, and system reports.

### Teacher Instruction – “Focus is on the flipped classroom model”

- 100% of our 7<sup>th</sup> and 8<sup>th</sup> grade teachers use as a primary instructional source. As our 1:1 program expands into HS next year, goal is to have all teachers use this resource.
- Content and instructional resources created by instructors.
- Faculty collaboratively build content from scratch using Schoology’s connections to cloud services. Legacy files integrate seamlessly into the system.
- Professional development training initially provided by Schoology in a trainer the trainer model to support our launch and sustain this system. District host regular webinars with Schoology to learn of new features and streamline the system.
- The system is not used as our grade book source but are working towards that goal.
- Schoology is it automatically integrated into your SMS providing up to date student enrollment and course rosters.

### Student Usage

- Home access (primarily)
- School access (1:1 for our middle school students)

### Workflow

- Homework (submissions, response)
- Assessments
- Is assessment data utilized by system for data driven instruction?
- Teacher response capabilities (chat, video, audio)
