Why Dell Monitors?

Innovative, award-winning Dell monitors fit your needs and budget, offering productive ways to work, tested reliability, and the industry's most advanced monitor technologies.

1

Performance

Expect a thoroughly engaging visual experience with Dell monitors, from an offering that includes the ultimate in resolution and color, immersive user experiences, and unrivaled usability.

2

Productivity

Today's Dell monitors are designed to help enhance productivity, with larger workspaces and great usability, improved resolution and unsurpassed reliability. All reasons to refresh your monitor today with Dell so you can simply focus on your work, and give your productivity a boost.

3

Award-winning

The multiple awards and positive reviews for our monitors from around the globe — from leading computing magazines, online portals and consumers alike — vouch for the quality, performance and usability of these monitors.

4

Reliability

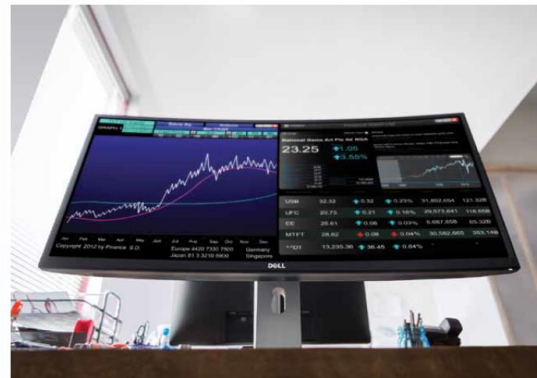

With Dell monitors you get the same commitment to quality, reliability and service that you expect from Dell — demonstrated through an exhaustive testing regimen, and backed by our Premium Panel Guarantee** available with Dell UltraSharp Monitors and select Dell Monitors.

** Even if only one bright pixel is found on our select range of monitors, a free panel exchange is guaranteed during the Limited Hardware Warranty period. For a copy of Limited Hardware Warranty, write to Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see dell.com/warranty.

5

Environmental responsibility

Dell monitors conform to environmental certifications and are made with environmentally-preferable materials. Built-in energy-efficient features in select monitors can help you save on power consumption, so you can be proud of the environmentally-responsible choice you make.

16x7 panel with 3yr warranty

RS232 Serial Control

Dell 55" Large Format Monitor E5515H

Outstanding viewing experience.

View documents clearly in your next meeting or group video conference with the E5515H. Ideal for small meetings, its expansive 55" screen allows you and your team to:

- Read text in Office applications easily due to the monitor scalar optimized for computer output, instead of a TV video processor.
- See sharp images and great screen details on the antiglare screen with Full HD resolution.
- Ideal screen size for a conference room seating 4 to 8 people.

Reliable, Economical, and Sustainable.

Choosing Dell for your conference room monitor means you'll enjoy proven technology from the makers of the #1 monitor brand worldwide.

- 3 years Limited Hardware Warranty and Advanced Exchange Service.
- Meets regulatory and environmental standards like ENERGY STAR and RoHS.

Dell to invest in Large Displays category
