

70" 10-Point Touch Interactive Commercial Display

Built-in Dual Core ARM CPU and Pre-installed ViewBoard® Software

CDE7061T

For interactive learning in the classroom, or brainstorming in the boardroom, the ViewSonic® CDE7061T is the ideal interactive display solution to increase engagement and collaboration. With astonishing 10-point simultaneous touch capabilities and pre-installed annotation software, this 70" large format display lets multiple users write or draw on the screen with their fingers and styluses. An embedded ARM dual-core processor and Android® OS provide lightning-fast computing and smooth touch capabilities, ensuring that students and co-workers alike enjoy a responsive screen with each tap, pinch, and swipe. What's more, Flicker-Free technology and a Blue Light Filter help to eliminate eye strain from extended viewing periods. An optional slot-in PC provides additional computing power, while the included ViewBoard for Education software delivers more robust annotation options that make presentations in the classroom even more productive and interactive.

Key Features:

- 10-point multi-touch interactive screen**
- Built-in ARM Dual Core CPU with 8GB storage**
- Pre-installed ViewBoard Embedded software**
- Optional slot-in PC**
- Control multiple devices through RS232 or LAN**

Designed for:

- Education**
- Business**
