District Comparison Reports

Dr. Meador Pratt
District Comparison Reports

- Series of reports that give district users the ability to compare their district to other districts, to Nassau County, and to NYS
- Based on public data released by NYSED
- Most of the reports are assessment-based but there is a report for comparing diplomas awarded and for comparing post-graduation plans
Two sources for this data
- NYS Report Card Database which is released every spring and contains everything that is released in the District Report Cards
- The NYS Media Database is released in the late summer/early fall and is limited to NYS 3–8 ELA and Math Assessment data
