

CARMAN ROAD SCHOOL

Department of
Special Education

Susan McNulty
Principal

Dear Parent/Guardian:

Although a medical referral is required at the beginning of the school year in order to provide physical therapy or occupational therapy services, there are times during the year when a student must have medical clearance to return to school.

Examples of events that would require medical clearance are:

1. Following hospitalization for any reason, including emergency room visit.
2. Following surgery of any kind.
3. Following placement of or removal of a cast or stitches with appropriate therapeutic intervention and/or precautions.
4. Following any procedure, including dental that involves sedation.

Enclosed is a clearance form that we suggest you give it your doctor should any of the above circumstances occur.

Please feel free to contact our Health Office at 516-608-6215 if you have any questions regarding a medical clearance. Thank you for your cooperation.
